Requirements of commitment, supervision and evaluation of the activities in a recognized internship as part of an ESG UQAM program

Preamble

As part of an undergraduate or graduate program, the internship is an academic activity that enables the Intern to acquire **practical and professional skills**, to cultivate his ability to analyse and summarize, to develop his **critical thinking and his sense of responsibility** through hands-on professional experience in a real organization.

The internship includes an integrated set of academic activities that are not limited to the workplace experience. The workplace experience **is not an end in itself, but rather a preferred means of learning**. The internship must first meet the specific pedagogical objectives, and also meet the requirements in respects to commitment and in terms of the supervision and evaluation of the activities.

The overall objective of this document is to set out, in the articles below, the requirements that govern the relationships between the parties to the internship.

The Policy aiming to prevent and cease (stop) sexism and sexual violence (hereinafter 'Politique 16') of the University of Quebec in Montreal (UQAM) is an integral part of these requirements. It can be viewed at : https://instances.uqam.ca/wp-content/uploads/sites/47/2019/04/Politique_no_16_2.pdf

The organization must commit to provide a healthy, safe and favorable internship environment for the learning and development of the student's skills, in particular by respecting the sanitary standards and work safety guidelines recommended by the CNESST as regularly updated, particularly in the context of the COVID-19 pandemic.

The parties mentioned in this document:

The Intern, represented by the student who is enrolled in an undergraduate or graduate program.

ESG UQAM, represented by the Program Director or Coordinator, and the Professor or Research Director, as applicable.

The definition of the internship and its objectives are established by the Supervisor in the Host Organization in collaboration with the Intern, and are described in the attached document.

The objectives must be specific, measurable, attainable, and realistic. In addition, the Internship and its objectives must be feasible within the period established by this Agreement.

The internship and its defined objectives must be submitted to ESG UQAM for approval prior to the beginning of the Internship. No internship will be authorized retroactively.

ARTICLE 2

Internship durations are available on the ESG UQAM internship site (Carrefour des stages de l'ESG UQAM): <http://stages.esg.uqam.ca/>.

The internship may be completed on a full-time or part-time schedule, according to the Agreement signed between the Organization and the Intern. The internship must be completed within a 20 week period (unless authorized by ESG UQAM).
